He received until 7 o'clock, when Capt. and Mrs. Rowland were host and hostess to a beautiful dinner, given in compliment to the city's visitor. The guests to dinner were: Mr. Willson, W. E. Boats Suspend Navigation

Between Here And Louisville.

The locks at Louisville were closed Monday night at 12 o'clock for the purpose of repairs. There will be no boats between here and Louisville for some time, as the packet company thought it best to leave all its boats in port at Louisville. It is very probable that there will be a packet run between here and Evansville.

A Good Attendance.

The entertainment Friday night given by the ladies of the Presbyterian church, was quite a success in every way. The little boys and girls looked beautiful in their various costumes, and did their parts perfectly. It was a source of great merriment to see the old maids ground into sweet sixteen once again. Music was furnished by home talent. The entertainment was a success financially also.

Why Should I Support Haswell?

The Breckenridge Democrat, says editorially to the Breckenridge News: "Use some of that space in telling us what valied reason you have for supporting John P. Haswell, Jr., as against Dr. P. W. Foote?"

Now while we do not wish to speak up and answer for the Breckenridge News, as it can do that, no doubt, for itself, we do wish to answer for ourselves, as it is a question that should address itself to every voter in Breckenridge county, and is both a pertinent and impertinent question.

First, we are for John Haswell, because we are, always have been and always will be for fair, honest and decent elections.

Are you Dr. Foote? Are you Breckenridge Democrat? Are you Mr. Voter, who expects to vote for Dr. Foote?

If so, on what are you relying, if anything, and on what are you basing your hopes, if you have any, of Dr. Foote's election?

Surely not on getting the most votes, fairly and honestly, when Breckenridge county is to start with from 250 to 300 Republican majority practically all of whom are for Willson and Haswell at this time, and added to this are easily are 500 good Democratic citizens who will refuse to support the machine ticket.

We are for Haswell, because we are in favor of the repeal of the infamous tax warrant law that taxes the poorest tax-payers in the county, in a single year, approximately \$4,000, for the benefit of two county officials, for no other reason on earth that can possibly be discovered, unless it be to reimburse them out of the tax-payers pockets for services rendered and campaign funds contributed to secure the election of certain representatives who otherwise would never have been able to vote for one Judge Paynter for the United

States Senate, as against one J. C. S. Blackburn, notwithstanding the promise that they would be governed by the wishes of their Democratic constituents when in fact two-thirds of their constituents were for Blackburn.

We are for Haswell because we are in favor of the repeal of that obnoxious registration law that is a constant source of annoyance to all good citizens who happen to live in town; which was passed for no other purpose than that of making votes and registration certificates legal sander for all debts public and private, and as a further means of making corruption and bribery easy.

We are for Haswell because we are against that damnable proposed amendment to the Constitution, that is intended to make tax receipts legal tender for all votes public and private, as it now does registration certificates.

We are for Haswell because we are against that part of the revenue law that taxes all kinds of legitimate business by charging them a license to do business, notwithstanding those things taxed are as honorable, as necessary and as respectable as any other business not taxed.

We are for Haswell because we are against one of the most corrupt and unscrupulous machines that ever cursed any State, and one that is no respecter of persons, and steals from good Democrats as well as Republicans.

We are for Haswell because we have a perfect right to be, because we are for what is right and against what is wrong.

We are for Haswell because he is one of the most capable, one of the cleanest and best equipped young men in the State for the position.

I beg leave to subscribe myself, Very respectfully yours, A Citizen and Voter.

Dr. Foote Sees a Great Light

Do Hager, for Governor, Tyler for Mayor and Dr. Foote, for Representative, stand on the same platform?

Hager says that he is his own platform, that he stands on his record and that of the Beckham administration, and is in favor of the County Unit Law and the Sunday closing laws.

Tyler is in favor of the repeal of all temperance laws and particularly the Sunday closing laws, and whether they are repealed or not will openly violate his oath of office and the laws that he swears to enforce. Tyler is Hager's candidate for Mayor as against Bingham, who was in favor of putting the lid on.

A part of the record that Hager stands on, is that infamous revenue law, that taxes everything in sight, provides for

the penalty going on thirty days sooner than before, and especially for the issue of two dollar tax warrants, against the tax payers in favor of certain county officials; he therefore stands on this, favored it at the time, and still favors it.

Dr. Foote, on the same platform, after the Republican state platform, resolutions in conventions and Republican speakers all over the state, had condemned it for 12 months; and five months after his nomination, suddenly sees a great light and comes out in a card favoring its repeal.

Doctor, don't you think you and the local politicians who advised you to write that card are about thirty minutes late.

A VOTER.

D., Catholic Bishop of Louisville, arrived in this city Sunday afternoon from Owensboro, accompanied by Father Whelan, of St. Alphonsus' church, Daviess county; and on Monday morning at 8:30 administered the Sacrament of Confirmation at St. Rose's church to a class of thirty-nine. BACK TO WINTERS IN CLOVERPORT.

S. C. Bates Writes An Interesting Letter--Dr. Newsom, LaHeists And Many Others Mentioned.

Marion, Ohio.—Mr. John D. Babbage.—Cloverport, Ky.—Dear Sir:—It has been some time since I contributed anything to your esteemed paper, but it finds its way to my desk every week, and is like a letter from home. The death of Ulrich Farber sets in motion a train of thought which I can not refrain from communicating.

It sends me back to the winters of '69 and '70, when Cloverport had no building for its public schools, but rented rooms in what was known as the Boyd Block, where the Bank of Cloverport now stands. Mrs. Vineyard taught on the second floor, where I was a pupil, along with such boys as Nobe Warfield, Charley Babbage, the Seelye boys and others whose names I can not recall. On the third floor Mr. Vineyard held forth with such disciples as Virge Babbage, Albert LaHeist, Smith Duncan, Conrad Simons, and many others.

Do not those names call up recollections of the ball games we used to play down at the lower end of town, when Charley Warfield would knock the big rubber ball so far it would take a long time to get it back? There was no "Base Ball" with its complicated rules. It was "Town Ball" that we played.

Vest & Walters had a store on the corner below, in a little frame building. Billy Smart had a store near by. You had a little store with the telegraph office in the rear, and Dick Friend was the operator. Abe Skillman had a large general store a little further up. LaHeist and Fisher were just starting their drug store, where it now stands.

Mahlon Taylor had a little store on what has since been the Bowmer corner. In the building where the school was kept, the two lower rooms were occupied with stores. Henry Baldauf had the one on the west side. The store on the corner was kept by Bowmer & Hamilton. I used to carry my dinner from home. There was no play ground provided, and on bad days it was a favorite plan of mine to stay around Bowmer's store, especially in the back room where was the sign of "Merchant Tailor," and the little tailor was the man whom I have seen every time I have visited my home, growing a little older, it seemed to me a little smaller each year. Once in a while I would walk up past Mrs. Cowden's home, which disputed with Mr. Pierce's house on the other side of the creek, the place of the finest houses in town, and see Mrs. Farber. She had several cats, and was quite a favorite of mine. I like to think of those glorious days, and yet it always saddens me to think of those who have gone. There were uncle John LaHeist, Dr. Warfield, Dr. Holmes, Colonel Murray, Mr. Pierce, Judge Babbage and so many others, whom I would see every day. Only a handful of the others remain.

Uncle Willis Noeli, Aunt Bettie Heist, Dr. Newsom, and just a few are left. I know you will remember the time I speak of, and so will Virge, Joe Heist, Frank Warfield and Fred and Bob Pierce. Some of these boys I have not seen for a long time. I wonder if we will all live so as to meet on the other side. Perhaps this sounds like the vaporing of an old man. But you talk to Bud Isome, James Fisher or Dr. Simons, and see if they can not recall all the names I have mentioned, and many more.

Sincerely Yours,

S. C. Bates.

Dr. Milton Board Has Narrow Escape.
Dr. Milton Board had a narrow escape from death Wednesday morning near Louisville. The private car of Hon. Wm. J. Bryan, which was trying to make up for lost time was running at sixty miles an hour. Dr. Board was standing close to one of the large windows when the car gave a sudden lurch on a curve, throwing him with great force against the window, breaking it into a thousand pieces. Dr. Board hung in the air for an instant and those who heard the crash and saw his position expected to see him hurled through the window. There was nothing for him to catch to and the others were unable to assist him. The car gave another lurch throwing Dr. Board in the opposite direction against the dining table, which was all that prevented him from falling out side the car and being killed.
